

Soudaseal FC

Soudaseal FC is a fast cure SMX® Polymer adhesive/sealant with movement capabilities of up to +/- 25%.

It has exceptional high green and final strength and adheres to almost any substrate without the need of a primer. Even adheres to moist substrates. Soudaseal FC is completely solvent and isocyanate free, it does not crack, shrink or discolor after application. Perfectly suitable for bonding panels in the RV industry, stones for hardscapes, and many other applications that require a flexible adhesive. Sticks to Kynar 500®.

Meets:

ASTM C920, Type S, Grade NS, Class 25, Use T, NT, M, A, G* and O**, Federal Specification TT-S-00230C, Type II Class A.

*Soudaseal FC is not recommended to be used as a glazing sealant.

**See recommended substrates on TDS.UTILISATIONS

Limited Warranty Notice:

Soudal provides a limited warranty on its products. For the complete limited warranty statement, please refer to product data sheet available through Soudal or your local Soudal distributor.
